

CEA Mitigation Program Future

- Expand EBB program
- Support building departments in developing residential mitigation programs

CEA Mitigation Program Future

- Provide financial retrofit incentives for living space over garage and small multi-family residential structures
- Support the development of building inventory technology using AI/machine learning

A photograph of a modern building at dusk. The building has large windows and a balcony. The sky is a mix of blue and orange, with a single bird flying in the distance. The text is overlaid on the image.

It could happen today.
