PEER 2013/24 NGA-West2 ground motion prediction equations for vertical ground motions, PEER Report No. 2013/24, Pacific Earthquake Engineering Research Center, University of California, Berkeley, CA.

PEER 2013/06  Campbell K.W., Bozorgnia Y. (2013). NGA-West2 Campbell-Bozorgnia ground motion model for the horizontal components of PGA, PGV, and 5%-damped elastic pseudo-acceleration response spectra for periods ranging from 0.01 to 10 sec, *PEER Report No. 2013/06*, Pacific Earthquake Engineering Research Center, University of California, Berkeley, CA.

PEER 2011/08  Scawthorn C. (2011). Water supply in regard to fire following earthquake PEER Report No. 2011/08, Pacific Earthquake Engineering Research Center, University of California, Berkeley, CA.

PEER 2011/07  Seismic risk management in urban areas, Proceedings of a U.S.-Iran-Turkey Seismic Workshop, PEER Report No. 2011/07, Pacific Earthquake Engineering Research Center, University of California, Berkeley, CA.

PEER 2010/05  Guidelines for Performance-Based Seismic Design of Tall Buildings, PEER Report No. 2010/05, Pacific Earthquake Engineering Research Center, University of California, Berkeley, CA.

PEER 2010/04  Dastous J.B., Der Kiureghian (2010). Application guide for the design of flexible and rigid bus connections between substation equipment subjected to earthquakes, PEER Report No. 2010/04, Pacific Earthquake Engineering Research Center, University of California, Berkeley, CA.

PEER 2010/03  Brandenberg S.J., Bellana N., Shantz T. (2010). Shear wave velocity as a statistical function of standard penetration test resistance and vertical effective stress at Caltrans bridge sites, PEER Report No. 2010/03, Pacific Earthquake Engineering Research Center, University of California, Berkeley, CA.

Improving earthquake mitigation through innovations and applications in seismic science, engineering, communication, and response, Proceedings of a U.S.-Iran Seismic Workshop, PEER Report No. 2009/02, Pacific Earthquake Engineering Research Center, University of California, Berkeley, CA.

May P.J. (2002). Barriers to adoption and implementation of PBEE innovations, PEER Report No. 2002/20, Pacific Earthquake Engineering Research Center, University of California, Berkeley, CA.

Consortium of Organizations for Strong-Motion Observation Systems and the Pacific Earthquake Engineering Research Center

The Third U.S.-Japan Workshop on Performance-Based Earthquake Engineering Methodology for Reinforced Concrete Building Structures, PEER Report No. 2002/02, Pacific Earthquake Engineering Research Center, University of California, Berkeley, CA.
